

serving the county where the dairy operation is located. Contract applications must be received by FSA by the close of business on the date established by the Deputy Administrator. Contract applications received after such date shall be disapproved.

(b) The dairy operation requesting MILC benefits must certify the accuracy and truthfulness of the information in their contract application. All information provided is subject to verification by CCC. Refusal to allow CCC or any other agency of the Department to verify any information provided will result in disapproval.

(c) Contract applications will be approved by execution by FSA and producer of a MILC. All persons who share in the risk of a dairy operation's total production must sign and certify the contract application.

#### § 1430.205 Selection of starting month.

(a) Except as provided in § 1430.206 and beginning with the 2003 Fiscal Year, a dairy operation that enters into a MILC, and does not want its payments to begin with the first month of the fiscal year, must designate the starting month that it desires CCC to begin making payments to them. The starting month must be selected on or before the 15th of the month before the month for which payment is sought. A dairy operation cannot select a month for payment which:

- (1) Has already begun;
- (2) Has already passed; or
- (3) During which no milk was produced by the dairy operation.

(b) Dairy operations may change the starting month on or before the first day of 15th of the month before the month previously selected. Otherwise, the starting month cannot be changed until the next Fiscal Year. If the selected starting month is never modified, it will remain the same throughout the duration of the contract.

(c) MILC payments will be made consecutively to the dairy operation on a monthly basis after the starting month has been designated until the earlier of the following:

- (1) The maximum payment quantity is reached as determined in accordance with § 1430.207; or

(2) The end of the applicable Fiscal Year.

(d)(1) Dairy operations that do not designate the month to begin receiving payments from CCC will be issued consecutive payments on a monthly basis, on marketed milk production beginning in the first month of the fiscal year, unless FSA is otherwise notified that selection will be made at a later date.

(2) Dairy operations that desire payments to begin with the first month of the fiscal year will receive payments made by CCC consecutively on a monthly basis until the earlier of the following:

- (i) The maximum payment quantity is reached as determined in accordance with § 1430.207; or

(ii) The end of the applicable fiscal year.

(e) All producers involved in the dairy operation must agree to the month designated. The dairy operation assumes the risk of not reaching the maximum payment quantity based on the month selected by the dairy operation. Payments will not be issued for past months for the sole purpose of reaching the maximum payment quantity.

#### § 1430.206 Transition payments.

(a) MILC program participants shall receive a payment calculated under § 1430.208 on the quantity of eligible production marketed by the dairy operation during the period beginning December 1, 2001, and ending on the last day of the month preceding the month the operation's MILC is executed.

(b) Transition payments are subject to the following:

(1) The maximum payment quantity on eligible production, as described in § 1430.207;

(2) Consecutive monthly payments beginning on December 1, 2001, and if applicable the beginning of the fiscal year thereafter, until the earlier of the following is reached for a particular fiscal year:

- (i) The maximum applicable payment quantity is reached as determined in accordance with § 1430.207; or

(ii) The end of the applicable fiscal year.

## **§ 1430.207**

## **7 CFR Ch. XIV (1-1-04 Edition)**

(c) With respect to the 2002 Fiscal Year, the dairy operation may elect to forgo their transition payment and choose to begin receiving payments in September, 2002 in accordance with § 1430.205.

(d) Notwithstanding any other provisions in this subpart, dairy operations that go out of business after December 1, 2001, may enter into a MILC with CCC for a transition payment on the quantity of eligible production marketed by the dairy operation during the transition period while the dairy operation was in business.

### **§ 1430.207 Dairy operation payment quantity.**

(a) The applicant's payment quantity of milk will be determined by CCC, based on the quantity of milk that was produced and commercially marketed by each dairy operation per fiscal year.

(b) The maximum quantity of eligible production for which dairy operations are eligible for payment per any fiscal year, including any in the transition year, under this subpart shall be 2.4 million pounds (24,000 cwt.) per separate and distinct operation. In accordance with these regulations, the Deputy Administrator shall determine what is a separate and distinct operation and that decision shall be final.

### **§ 1430.208 Payment rate and dairy operation payment.**

(a) Payments under this subpart may be made to dairy operations when the Boston Class I milk price under the applicable Federal milk marketing order is below \$16.94 per cwt. No payments will be made to dairy operations for marketings during the months that the Boston Class I milk price under the applicable Federal milk marketing order exceeds \$16.94.

(b) A per-hundredweight payment rate will be determined for the applicable month by:

(1) Subtracting from \$16.94 the Class I milk price per cwt in Boston; and

(2) Multiplying the difference, if positive, by 45 percent.

(c) Each eligible dairy operation payment will be calculated, as determined by the Secretary, by:

(1) Converting whole pounds of milk to hundredweight; and

(2) Multiplying the payment rate determined in paragraph (b) of this section by the quantity of eligible production marketed by the operation during the applicable month as determined according to § 1430.205 and other provisions of these regulations.

(d) Payments under this subpart may be made to a dairy operation only up to the first 2.4 million pounds of eligible milk production per applicable fiscal year, including any year in the transition period.

(e) Dairy operations receiving benefits under this subpart, will receive payments on a monthly basis according to the MILC, to the extent practicable, not later than 60 days after the production evidence and all supporting documents for the applicable month are received by CCC. Payments issued by CCC later than 60 days after all production evidence and supporting documentation are received by CCC will be subject to prompt payment interest as allowed by law.

### **§ 1430.209 Proof of marketings.**

(a) A dairy operation entering into an MILC must, based on instructions issued by the Deputy Administrator, provide adequate proof of the dairy operation's eligible production during the months of each fiscal year designated in the MILC. The dairy operation must also provide proof that the eligible production was commercially marketed during the months beginning December 1, 2001, and ending September 30, 2005. Evidence of milk production claimed for payment shall be provided to CCC with supporting documentation under paragraph (b) of this section. All information provided is subject to verification, spot check, and audit by FSA. Further verification information may be obtained from the dairy operation's milk handler or marketing cooperative if deemed necessary by CCC to verify provided information. Refusal to allow FSA or any other agency of the Department of Agriculture to verify any information provided will result in a determination of ineligibility for benefits under this subpart.

(b) Eligible dairy operations marketing milk during the period specified in the MILC shall provide any available supporting documents from all
